Five Hundred Dead From July Fourth In All Parts of Nation

(By The Associated Press.)
The largest number of Fourth of July deaths in recent years occurred in the United States as the nation celebrated the 155th anniversary of its birth.
Close to 500 persons lost their lives from various causes in the two day celebration. Fatalities from fireworks were but six or only one-half of what they were in 1930.
Automobile accidents and drownings were by far more numerous this year. One hundred and sixty persons perished in motor car mishaps, compared to eighty-one last year, while drowning fatalities totaled 181. Almost three times as many persons lost their lives in the water as compared with 1930 when the total was 57. Twenty-four died from the heat while fourteen were killed in airplanes.
The total of deaths from all causes as shown in reports from the entire country gathered by the Associated Press was 483. This was 304 more than died in the 1930 celebration.
The mid-Atlantic section of the country had the greatest loss of life, with a total of 143. The mid-west was second with 108, and the Pacific coast states third with ninety-one. The south was fourth, with 57, the New England states fifth with 44, and the Southwest sixth with 34. The Rocky Mountain states last with but nine.
Although few died from fireworks, many were injured. The mid-Atlantic states alone reported approximately 180 injuries.
Vermont, native state of former President Calvin Coolidge, who celebrated his birthday anniversary July 4, had no deaths at all.

Rip Tides Take Toll

California Beaches
LOS ANGELES, July 6.—(P)—A possible death toll of 20 persons was charged today to rip tides which swept beaches in this area over the weekend.
As the holiday crowds, numbering hundreds of thousands, spread along nearly 50 miles of winding seacoast, life guards kept a close watch for bodies which may have been swept out by the oceanward currents and later released to be carried back to shore.
Seventeen persons were listed as having perished in the tides Saturday, although not all of their bodies have been recovered. This heavy toll served to warn Sunday bathers. The treacherous tides continued yesterday, but were denied more than a possible three additional victims.
Lifeguards described the rip tides as currents flowing out to sea like swift rivers. They were unable to agree on what causes them, but said they flow at varying angles from the shore; are

National Bank Call

Made by Comptroller
WASHINGTON, July 6.—(P)—The comptroller of the currency issued a call today for the condition of all national banks at the close of business Tuesday, June 30.

PERUVIAN GOVERNMENT CLAIMED VICTORY OVER REVOLUTIONARY FORCES

LIMA, Peru, July 6.—(P)—The Peruvian government today claimed a victory over revolutionary forces in Southern Peru and pressed its troops forward to end the rebellion.
The insurgent forces were routed in a battle near Cuzco with a few casualties. The government forces, led by General Bolognesi, pursued the rebels, reported to have established headquarters about 20 miles from Cuzco, called on the populace to join in the movement against Lima.
The rebels, reported to have been greeted with hisses, the people remaining loyal. The government also reported that an uprising of officers in the garrison at Arequipa had been thwarted and 20 leaders arrested.
The revolt had its origin in the mutiny of the garzoneros at Cuzco and Puna, under the leadership of Commander Cabrera, and it was feared at one time it would spread throughout Southern Peru.
NEW OFFICE BUILDING
MALAKOFF, July 6.—(Spl.)—The Texas Clay products Co. is now building a large office at the company's big plant west of town. It will be similar to that of the Malakoff Fuel Co. here, it is said.

REFUELING PLANE IS FORCED DOWN IN ALASKA WOODS

ROBBINS AND JONES UNCERTAIN WHEN TO TAKE-OFF FROM SEATTLE

HAZELTON, B. C., July 6.—(P)—The tri-motored refueling plane for the Robbins-Jones flight from Seattle to Tokyo arrived here early today for gasoline before returning its flight to Fairbanks, Alaska, from Edmonton, Alta.
The pilots, James Mattern and Nick Greener, said they landed near the headwaters of the Naas river late Saturday after losing their way in a heavy fog near Dease Lake.
The plane, which will refuel the Fort Worth, Seattle-Tokyo airplane to be piloted by Reg L. Robbins and H. S. Jones, left Edmonton Saturday.
KETCHIKAN, Alaska, July 6.—(P)—Flies of the plane which is to refuel the monoplane Fort Worth on its projected non-stop flight from Seattle to Tokyo planned to take off at dawn today for Hazelton, B. C., from the headwaters of the Naas river, Northern British Columbia, where they were forced down Saturday by fog.
The fliers, James Mattern and Nick Greener, said they encountered fog banks near Dease Lake Saturday while en route from Hazelton, Alta., to Fairbanks, Alaska, where the first aerial refueling is to take place. They turned down the Aiyansh Valley toward the coast, finally making a forced landing on the upper reaches of Naas river. They reported last night they had sufficient gasoline for three hours flying, which they considered ample for the hop to Hazelton.
Their plane was down in an isolated spot five miles from a telephone. Only meager details were received here of their landing.
"Meanwhile the crew of the Fort Worth, Reg L. Robbins and H. S. Jones, Texas aviators, were in Seattle, where they were waiting for take-off on their attempt to reach Tokyo by air. They explained their take-off would be delayed until the refueling plane reached Fairbanks. They intended to refuel in the air over Fairbanks, again at Solomon, near Nome, and a third time in Siberia."

NEW LAREDO SECRETARY
LAREDO, July 6.—(P)—Malcolm R. Jones, of El Paso, was today appointed secretary of the Laredo Chamber of Commerce to succeed Charles Mumm, who recently resigned. Jones was formerly connected with the Albuquerque, N. M., Chamber of Commerce.

POST AND GATTY REACH WASHINGTON TO SEE PRESIDENT

ROUND-THE-WORLD RECORD SMASHERS GO DIRECTLY TO WHITE HOUSE
WASHINGTON, July 6.—(P)—Wiley Post and Harold Gatty were welcomed to Washington today to receive official recognition from President Hoover for their round the world exploit.

The pair of fliers who girdled the world in less than nine days arrived by train shortly after noon and went directly to the White House to meet the president.

With them were their wives and financial backer, F. C. Hall, as they received a short greeting before being taken to the White House to meet the president.

The executive officer was their first stop. There military and naval chiefs were buying up available supplies of blue shirts and trousers which would be worn by revolutionaries to confuse the police during an attack. He ordered his men to fire on sight at any group of armed men. Many anti-government leaders were said to have sent their families to the United States and Mexico to clear the way for such a coup as that of last Christmas eve when efforts were made to capture the central arsenal.

WORKING ON NEW DEBT ACCORD

Secretary of the Treasury Andrew W. Mellon is shown at left with Etienne Flandin, French Minister of Finance, following the first of their recent series of conferences on the war-debt holiday proposal made by President Hoover. The two financial leaders conferred again Monday morning.

HYPOTHETICAL QUESTIONS USED TO RIDICULE CLAIMS PLAINTIFF ABILENE TRIAL

ABILENE, July 6.—(P)—Hypothetical questions of defense attorneys today were directed at witnesses in an attempt to ridicule the claim of Miss Madge Roberts that the marriage of Louis Keel to another girl made her ill, in the trial of her \$50,000 breach of promise suit against Keel, Roswell, N. M., youth.
Miss Roberts and her mother both testified that Keel broke his promise to marry Miss Roberts, the shock of this undermining her health and causing her to go to the hospital for treatment.
The defense today challenged that testimony by calling as a witness Dr. W. R. Snow of Abilene. He testified he performed an operation for appendicitis upon Miss Roberts in June, 1927, after which he treated her for nervousness over a period of more than a year.
Thomas L. Blanton, defense attorney, asked Dr. Snow, "as a hypothetical question," "suppose a young lady is engaged to a young man and he courts her day in and day out for over two years; that she is happy up to January 24 of a year and upon the 26th learns that the man has married somebody else. State whether that situation itself could cause the young lady to have a fever, that might go up to 104 degrees."
"My opinion is that it could not," the physician replied.

UPRISING RUMORS LEAD GOVERNMENT CUBA TO CAUTION

TRUSTED TROOPS ARE POSTED AT STRATEGIC POINTS MONDAY

HAVANA, July 6.—(P)—Rumors of a forthcoming armed uprising against President Machado led the government today to make extensive preparations to maintain peace and security.
Five hundred trusted police reserves were quartered at focal points in the business section of the city and the ordinary patrols were doubled. Machine gun squads were engaging in maneuvers to fit them for shock troops in case of trouble.

A score or more of student and radical leaders were under arrest on accusations by the secret police that shipments of arms have been distributed in anticipation of executing a well-laid plot against the government.
Chief of National Police Cabrera said he had learned that opposition chiefs were buying up available supplies of blue shirts and trousers which would be worn by revolutionaries to confuse the police during an attack. He ordered his men to fire on sight at any group of armed men.

Over Seven and Quarter Million On Deposit Here

Total deposits in the three Corsicana banks at the close of business June 30, 1931, were \$7,274,609.01, according to statements published Monday.

Franco-American War Debt Parley Nearing Accord

AMERICA MAKES NEW PROPOSAL TO FRENCH REPUBLIC

TWO NATIONS WOULD AGREE ON PRINCIPLES; LEAVE DETAILS TO EXPERTS

WASHINGTON, July 6.—(P)—Seeking a direct way out of the tangle of technical discussion on the Hoover moratorium proposal, the American government proposed to France today that the two governments simply announce their agreement in principle, and leave the details to experts.
At the same time Acting Secretary Castle of the state department gave to the world a reassurance that the points remaining in dispute were not regarded here as seriously threatening final success.
The United States has no doubt, Castle said in a statement, that the moratorium will become effective.
President Hoover, who interrupted his week-end at the Rapidan camp to hurry back to Washington yesterday, and resume his conference with Castle and others of the moratorium proposal, has felt that delay and uncertainty would seriously detract from the effect of the plan of the world economic situation.
It is the hope of officials here that these uncertainties may be taken out of the picture quickly by the method now proposed.

Secretary Castle Is Confident of Accord

WASHINGTON, July 6.—(P)—Acting Secretary Castle of the State department today said the American government had "no misgivings" that the president's plan for a debt moratorium would become effective.

MANY KILLED AND INJURED DURING NIGHT FIGHTING

OUTBREAK OF VIOLENCE AGAINST CHINESE COLONY BY KOREAN MOB

SEOUL, Korea, July 6.—(P)—Twenty-nine persons were killed and about 300 injured during the night at Pingyang in an outbreak of violence against the Chinese colony by a mob of Koreans.

More than a hundred Chinese residences were destroyed and their helpless inmates dragged into the streets where they were slaughtered. Only those who succeeded in reaching the police station were saved.

Police were called when the rioting began and made upwards of 100 arrests. The city was in pandemonium for seven hours and a mob of 5,000 infuriated Koreans practically were in control. Troops were ordered to stand by in case of further trouble.

The violence was similar to that enacted here and in Chemulpo in which 200 Chinese were believed to have been wounded in the past two days. It was attributed to a series of minor disputes which have caused ill-feeling among Chinese, Japanese and Koreans for months.

Reports from Gensan said a crowd of 200 Koreans had attacked the Chinese quarters there but no details were given.
TOKYO, July 6.—(P)—Anti-Chinese rioting in Korea is causing considerable uneasiness in official circles here. Regret is expressed at the apprehension that Korean atrocities may incite Chinese to retaliate in Manchuria and Mongolia where more than half a million Koreans are scattered over wide areas.
If this happens it is feared there may be grave and far reaching developments, because of the difficulty for either Chinese or Japanese authorities to afford adequate protection in sparsely populated and ill policed areas of the interior.
Latest reports indicate that 29 Chinese were killed at Pingyang, Korea, and more than 100 seriously injured, last night. The Korean mobs acted methodically, it is asserted, the leaders directing the attacks with maps marking the location of Chinese dwellings.

Trade Editors Foresee Return Normal by Fall

NEW YORK, July 6.—(P)—A return of business conditions to normalcy by fall is predicted by 155 editors of trade publications in their annual business outlook survey published today.
Upturns are noted in sections of the automobile industry, chemicals, machine tools, electrical power production, textiles, commercial bakeries, furniture, manufacturing, construction, meat packing, shoe retailing and radio broadcasting.

NEW GRAND JURY IS EMANELLED BY JUDGE SCARBOROUGH

TERMS INVESTIGATORS AS "SAFETY VALVE" MANY CONVICTIONS

Hawkins Scarborough, judge of the thirteenth judicial district court, Monday morning empaneled the grand jury in a formal session and declared that he was calling the investigators in session more as a "safety valve" than anything else, and that in his opinion a grand jury in session was one of "the greatest deterrents to crime possible." The judge stated that there had been more convictions in the district court here since Jan. 1, 1931, than in any other similar period, the convictions exceeding 250.

"I know nothing particular to call your attention to at this time," the judge said, "but there are a number of people in Navarro county who would violate the laws and then be absent when the grand jury was in session next October if there was no grand jury during the summer. He continued, He said many will not violate the laws if they know a grand jury is in session."

The court called the investigators' attention to the statutes concerning the prohibition laws, "bawdy houses," gambling, murder, burglary, rape, theft and other violations.
"Every good citizen, regardless of their views, should want to see and help the enforcement of the laws," the court stated.

Judge Scarborough was insistent that the grand jurors keep the proceedings of the grand jury secret, and warned the investigators.

SECRETARY MELLON SUBMITS NEW PLAN AT PARIS MEETING

PREMIER LAVAL ASKS TIME FOR CABINET MEETING; OPTIMISM PREVALENT

PARIS, July 6.—(P)—An official communique issued this evening said the French cabinet had approved the text of basis of accord between France and the United States.

The text was to be telephoned to the United States by Secretary Mellon, the communique said.
The official statement was read to correspondents by Premier Laval at the conclusion of a meeting of the cabinet and just as the negotiators were going to dinner.

"Premier Laval met in his office this evening with Secretary Mellon, Ambassador Edge, Foreign Minister Briand, Budget Minister Poincaré, Finance Minister Flandin and Andre Francotte, secretary for national economy," the communique said.

"The delegates examined the replies which came from Washington to the last French proposition." "This conference was adjourned to permit a meeting of the cabinet at Elysee Palace which began at 4 o'clock."

"It was resumed at 7:30 when the Premier handed Mr. Mellon the text of the accord approved by the cabinet of the basis of an accord between the two governments."

"After this Mr. Mellon and Mr. Edge left the meeting in order to telephone to Washington. A telephone session was arranged for 9:30 p. m."

PARIS, July 6.—(P)—Secretary Andrew W. Mellon today gave the French negotiators a new memorandum summing up the entire American position regarding President Hoover's moratorium proposals.

The document was regarded as so important that Premier Laval requested time to consult his entire cabinet, promising to give Mr. Mellon his answer later.

The contents of the memorandum were not disclosed during its consideration by the cabinet, although it was understood that the state department at Washington originally had intended to release it for publication there this afternoon.

Complete accord now seems to hinge upon agreement concerning payment of reparations in kind by Germany and both sides hope a solution will be found for this problem in conformity with the

BUILDING ENTERPRISES ARE CONTINUING ON SUBSTANTIAL SCALE, BELOW BOOM FIGURES

ROGERS CALDWELL CONVICTED GIVEN 3 YEAR SENTENCE

NASHVILLE, Tenn., July 6.—(P)—Rogers Caldwell, former investment banker, was convicted by a criminal court jury today of a fraudulent breach of trust and his punishment was fixed at three years in the state penitentiary.
His attorneys announced they would file motion for a new trial. The charge against Caldwell grew out of the alleged violation of a trust agreement between Caldwell's collapsed investment firm, Caldwell and company, and Hardeman county, Tennessee. It was charged that securities less valuable than those specified in the agreement were pledged as collateral on the trust, thus violating it.
Caldwell denied he knew of the irregularity until long after it occurred and he testified that when he learned of it, he immediately took every possible step to correct the condition.
J. DeWitt Carter, a vice-president of Caldwell and company testified however, that he called the Hardeman irregularity and others alleged violations to Caldwell's attention on many occasions.

NEW YORK, July 6.—(P)—Activity in large buildings enterprises, although not matching that of boom years, is continuing on a substantial scale. A postoffice in Boston listed at \$4,838,900, a hydro-electric dam in Arkansas to cost \$13,000,000 and a city hall in St. Paul which will cost \$3,000,000.
"All of these are large expenditures being made on structures which exhibit the characteristics of permanence and fire safety," Mr. Morgan said.
Other buildings and public works included in the 28 projects in New York City, a New York City apartment to cost \$1,200,000; a chapel in Cambridge, Mass., to cost \$1,000,000.
Texas projects include a pipeline to cost \$2,500,000, and dredging to cost \$200,000.

Instructed Verdict Is Returned Monday In Texarkana Court

TEXARKANA, July 6.—(AP)—Lester Cooper, 22, pleaded guilty in Bowie county district court today to a charge of murder for the slaying of Paul Hunter, 23; his

year suspended sentence. The verdict was instructed.

Jurles had failed to agree on a verdict in two former trials of Cooper for the slaying of his friend in a Texarkana undertaking establishment April 27, 1930.

The guilty plea came as the result of a conference between District Attorney E. L. Lincoln, the defense counsel, and Mrs. E. Hunter, mother of the deceased.

In previous trials Cooper had pleaded temporary insanity and self-defense.

Chester Ray and wife were in Corsicana Saturday from Kerens.

BANK BUILDING REMODELING WILL START EARLY DAY CONTRACT FOR EXTENSIVE WORK ON FIRST NATIONAL BE LET NEXT WEEK

Contract for the remodeling of the present quarters of the First National Bank is scheduled to be awarded early next week according to information received late Friday from M. T. Horn and H. O. Blanding, architects who prepared the plans for the improvement. The cost is estimated at \$18,000 to \$20,000.

When completed the Corsicana financial institution will have one of the most modern and completely equipped banking houses in Texas and will have made provision for every item of comfort and convenience of the customers.

A storm vestibule will be built about the front entrance, affording protection to the customers in all kinds of weather. Two central panels in the ceiling will be removed and the second floor of the bank building, formerly occupied by offices, will become a mezzanine effect. The opening will be 131-2 by 32 feet, and will be surrounded by an ornamental bronze railing and grill work in keeping with the design of the fixtures now in use. Above the well opening will be an ornamental skylight and ventilator.

The present entrance in the rear of the building will be changed to an alley, and the door converted into a triple window of the same design as those now serving. An automatic push-button passenger elevator will be installed in the rear of the bank, and the iron stairs will also be installed to the new entrance in the alley. A new window will also be cut into the rear wall.

The present directors' room on the first floor will be enlarged to 17-1/2 by 26 feet, and will have a linoleum floor and other comfort features.

Two new vaults will be erected on the second floor, one a customer's vault containing a large number of safety deposit boxes, and the other a bookkeepers' vault for the records of the bank; a fire proof storage room, and one private office will complete the second floor arrangement. All of the partitions will be removed on the second floor and the greater part of the space about the well utilized by the bookkeeping department. All of the floors will be covered with linoleum.

The bank vaults will have the latest type of ventilating devices installed and will be protected by standard grade "A" bulletproof systems, with electrically sensitive protectors. A ladies rest room will also be provided on the second floor.

The bank will be well ventilated when the repairs and remodeling is completed, the air in the bank being changed completely every thirty minutes, and in the attic space every 15 minutes. The main banking room, the lower floor will be redecorated, the walls being finished in a Caen stone effect, and treated with acousti to insure quiet for the conduct of the business. The work will be started as soon as possible, and it is expected that it will be completed in about sixty days.

APPARENTLY VALID CLAIM DISCOVERED E. T. OIL LANDS

TULSA, Okla., July 4.—(P)—The Tulsa Tribune says an apparently valid claim to 6,000 acres in the heart of the East Texas oil fields has been discovered by E. T. Oiler, George Pruffer, in records of his estate on file at Longview, Texas.

The Tribune says a Dallas lawyer, in checking the title to the 6,000 acres in the Longview pool, found that the mineral rights had been reserved by Pruffer when he sold the land. Checking further, the lawyer discovered similar reservations had been made on all of the 6,000 acres which Pruffer once owned.

Pruffer had eight children. The Tribune quotes a Dr. Z. W. Wainwright of New Braunfels, Texas, husband of one of the Pruffer children, as saying no announcement of the heirs' course of action would be made for some time.

ORVILLE WRIGHT ALMOST AMAZED AT POST-GATTY TRIP

DAYTON, O., July 4.—(P)—Orville Wright, pioneer aviator, believes that the day will come when aviators may make long overseas flights commercially and take no heed of storms.

He made this statement last night while commenting on the flight of Wiley Post and Harold Gatty 16,000 miles around the earth in less than nine days. The aviation pioneer who with his late brother, Wilbur, is accredited with having built and flown the first airplane to make a successful flight, said that the accomplishments of Post and Gatty were "amazing and almost unbelievable."

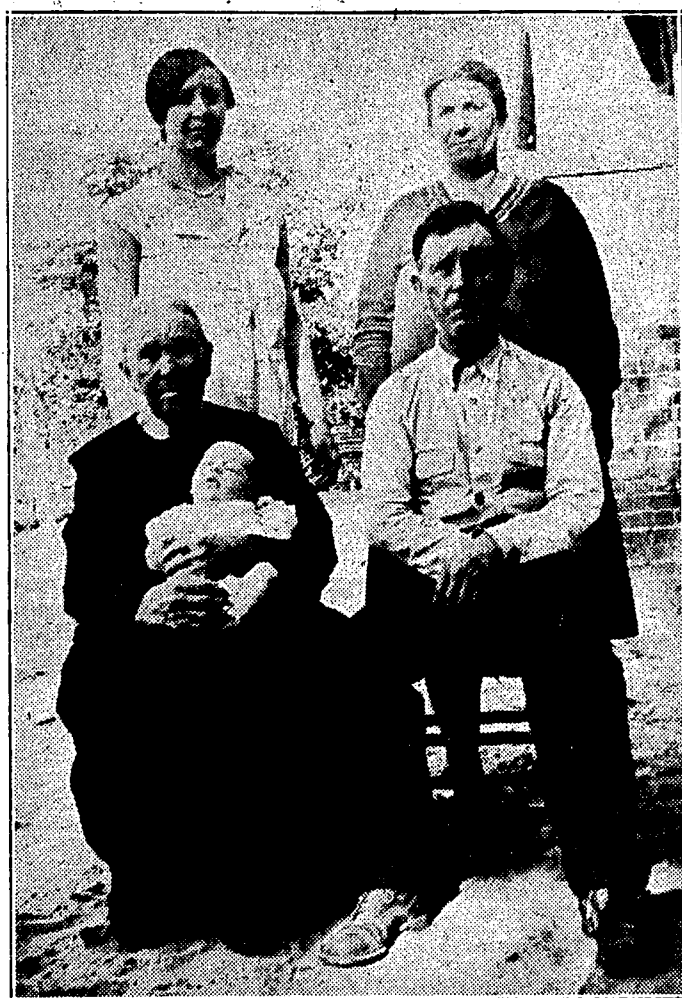

"When Wilbur and I put our first ship into the air at Kitty Hawk in 1903, we never dreamed that a flying ship would be built to make the around-the-world flight," the inventor said. "You could not have convinced us that a speed ship would make the trip in less than nine days."

Wright said that such long flights over seas and through storms can not yet be made commercially. More experience in flying and plane construction will make them possible, he added.

Hair Cut 25c

FIVE GENERATIONS

The above photograph was taken about two weeks ago at a family reunion at Eustace, of five generations. There is 22 years difference in the ages of each of the five generations.

Sitting, left to right—Mrs. Mary Jane Hutcherson, Mabank, aged 88 years, holding Oran Scarborough, Jr., Corsicana, her great-grandson, who was 11 weeks old.

He is the son of O. E. Scarborough of the Corsicana Y. M. C. A. Tom Hutcherson, Eustace, aged 66 years, is also seated. He is the son of Mrs. Hutcherson. Standing, left to right—Mrs. O. E. Scarborough, Corsicana, and Mrs. Jerome Richardson, Athens. Mrs. Scarborough is 22 years of age and is the daughter of Mrs. Richardson, aged 44 years, who is the daughter of Tom Hutcherson.

DUKE OF AOSTA, PROMINENT ITALIAN SOLDIER-NOBLEMAN, DIED IN TURIN SATURDAY

TURIN, Italy, July 4.—(P)—The Duke of Aosta died at 1:30 o'clock this afternoon.

The Duke of Aosta had a notable career as a soldier of Italy. Coming from a family of kings, he was prominently mentioned several times as a candidate for the throne, and the fact that he never attained that goal is said to have been one of the most bitter disappointments in the life of the duke. King Victor Emmanuel II of Italy was the duke's grandfather; King Humbert I was his uncle, and King Victor Emmanuel III was his first cousin. The duke's father, Prince Amedeo of Savoie, from whom he inherited his title, also was a king for a time, having reigned over Spain during a stormy period of the early twentieth century. The Prince of Savoie was elected king by the Spanish Cortes in November, 1870, and occupied the throne until February, 1873, when, abandoned by his partisans, he signed his abdication and returned to Italy.

The throne of Italy was kept dazzling before the eyes of the Duke of Aosta several years and it was while his prospects seemed brightest for a kingdom that he married Helene of Orleans, daughter of the late Count of Paris, regarded as one of the most beautiful women of European nobility. While Victor Emmanuel III was still Prince of Naples, his health became so impaired that the duke was generally looked upon throughout Europe as the early successor to the throne. However, with the regaining of health by the young prince and his subsequent succession to the throne, the chances of the Duke of Aosta were ended. He became a staunch supporter of his cousin and frequently was selected by the king to represent the reigning family at royal functions throughout Europe. Among the events which he attended as representative of the king were the weddings of the former crown

prince of Germany in 1905 and of King Alfonso XIII of Spain in 1906, and the coronation of King George and Queen Mary of England in 1911.

During the latter part of the World War when the Allies proposed to depose King Constantine of Greece, the Duke of Aosta was mentioned as his successor. His name was brought to the front in connection with the throne of Italy again in 1919, during the political crisis resulting from the forward march of the Socialists. The latter had determined upon a demonstration against the king during the opening of parliament, and in order to avoid this, one element of conservatives went so far as to suggest the abdication of the king in favor of the Duke of Aosta. The latter expressed his willingness to step into the king's shoes in the event of his abdication.

During the war the duchess also distinguished herself as a Red Cross nurse and for her services received a silver medal from the Italian government. The two sons of the duke and duchess fought in the World War.

The Duke of Aosta, born Jan. 13, 1869, was the eldest son of Prince Amedeo of Savoie (Duke of Aosta) and Maria Vittoria, Princess of Carignano. His mother was a member of the famous house of Medici, and from her he inherited a large fortune. During the World War a great part of his income was cut off while the Germans occupied the duchy in which his coal mines and estates are said to have yielded an income of \$300,000 a year. He married Helen of Orleans in England in 1906. The duchess, who also possessed enormous wealth, was a younger sister of the former Queen of Portugal and of the Bourbon-Orleanist pretender to the French throne. "The duke was an enthusiastic horseman and automobilist and, like his brother, the Duke of Abruzzi, had traveled extensively."

FARMERS REPAYING FEDERAL LOANS SUPPLIED TO ENABLE PLANTING OF CROPS FOR 1931

WASHINGTON, July 4.—(P)—Farmers whose crops were destroyed by the drought have been repaid by the federal government loans which enabled them to plant new fields of cotton, corn and potatoes.

Checks ranging from 57 cents to nearly \$500 have been received by the department from the representatives of the first crops marketed must be used to repay the loans. In some cases, farmers have sold a hamper of vegetables and forwarded a money order.

Relief loans have been reopened in Montana and North Dakota where feed for livestock is pressing need. These advances will fall due on November 1 when the bulk of loans made to 1930 drought sufferers are due.

Congress appropriated \$65,000,000 for drought relief with an additional \$2,000,000 for hail and storm damage in Southeastern states. Slightly more than \$47,000,000 was loaned.

No figures on the total to date have been available. The repayments have come from practically all of the drought states.

G. L. Hoffman, chief of the seed loan office, said the small amounts of some checks are accounted for by the requirement that the proceeds of the first crops marketed must be used to repay the loans. In some cases, farmers have sold a hamper of vegetables and forwarded a money order.

Several good sized checks have come from Texas where the new wheat crop is moving. But the heavier payments will not come until several weeks from now. Inspectors are being sent into the drought states to observe how the products are being handled.

Superintendent's Office. Sheriff Rufus Pevhouse stated Saturday that one of the six men arrested by local and game officers at Rice had pleaded guilty in the county court and that two others would be fined in justice court. Three will likely be released.

The boys were arrested in connection with the alleged burning of the new channel of Chambers creek a few days ago for fish.

One white person, colored person were taking examinations in the county superintendent's office Saturday for teachers' certificates.

AMERICA GAMBLING WITH SECURITY IN NEGLECTING NAVY

COMMANDER O'NEIL AMERICAN LEGION DELIVERS INDEPENDENCE DAY TALK

MURPHY, N. C., July 4.—(P)—America, in neglecting to build up its navy, is gambling with the security of its citizens, Ralph T. O'Neil, national commander of the American Legion, told a gathering of legionnaires from North Carolina, South Carolina and Georgia and Tennessee here today.

"Permanent peace has attracted a large portion of the energy of Legion patriotism—the patriotism of men who abhor war from personal experience—but the time has come when the pacifist element in America must be scotched in its efforts to strip the nation of its defensive forces," the speaker said.

In speaking of what he described as the dangers of ultra-pacifism, the national commander classified them in three groups.

"The first," he said, "consists of a comparatively few communists from the shores of Russia, well supplied with money. They advocate disarmament in this country so that they can then move on to establish a world-wide, soviet regime."

Placed in the second group were those Americans who profess to believe complete disarmament will bring permanent peace. "Their chief danger," he said, "lies in that numerically greater group which swallows a portion of their sophistry and, through lack of understanding, gives comfort to more fanatics."

The third group he called the more dangerous because, "by continual objections of necessary expenditures for adequate national defense, they weaken the national defense structure to such an extent that, although the skeleton would remain, a new body would have to be built after an emergency had burst upon us."

PRESIDENT RUBIO ORDERS SONS LEAVE U. S. COLLEGE

MEXICO CITY, July 4.—(P)—President Pascual Ortiz Rubio was reported in newspapers today to have ordered his two sons to sever their connections with an American college in Kansas and to continue their education in Canada next fall.

The boys, Fernando and Guadalupe, were said to have been instructed to leave the United States and go to the Dominion to make arrangements for the resumption of their college careers. The statements were not credited to an official source and no confirmation was immediately available.

The boys were students during the past year in St. Benedict's college at Atchison, Kan., and were classmates of the two Mexican students, one a cousin of President Ortiz Rubio, who were slain by a deputy sheriff's bullets at Ardmore, Okla., last month. They are understood to be employed by a firm in New York for the vacation period.

The acquittal of the deputy sheriff brought on a storm of dissatisfaction in Mexican student circles and a movement is under way to cancel enrollment of Mexican students in American schools.

Kerens Farmers See Demonstration New Cotton Poisoner

KERENS, July 3.—(Sp.)—Many farmers of the Kerens trade territory attended a demonstration on a new device for poisoning insects on cotton on the W. B. Coates farm in Elm Flat Wednesday afternoon. The machine has a capacity for poisoning eight rows at a time and can poison about one hundred acres per day. The ingredients in the poison used are said to be calcium arsenate in combination with a cyanide which will control almost all cotton insects. During the demonstration farmers found leaf worms, cotton flea, hopper, boll weevil, and other insects working in large numbers in the cotton.

Drilling Resumed In Smith Well

FAIRFIELD, July 4.—(Sp.)—After several days' delay drilling has been resumed on E. L. Smith Jackson No. 1 well about 9 miles north of Fairfield. It is reported that the well is in the Austin chalk at about 3200 feet and drilling slowly.

COURTHOUSE NEWS.

District Court. The July term of the Thirteenth judicial district court will formally be opened Monday morning at 10 o'clock by Hawkins Scarborough, district judge, with the impaneling of a grand jury.

County Attorney's Office. County Attorney Cleo G. Miller was busy Saturday morning, making plans for the beginning of the work with the new grand jury Monday and also working on pending criminal cases which will be taken up in the district court, July 13.

Sheriff's Office. Sheriff Rufus Pevhouse stated Saturday that one of the six men arrested by local and game officers at Rice had pleaded guilty in the county court and that two others would be fined in justice court. Three will likely be released.

The boys were arrested in connection with the alleged burning of the new channel of Chambers creek a few days ago for fish.

Superintendent's Office. One white person, colored person were taking examinations in the county superintendent's office Saturday for teachers' certificates.

and to protect the government's interests. They have gone to Florida, Georgia, North and South Carolina, and Virginia. Next week they will visit West Virginia, Maryland, Pennsylvania and Ohio.

GENERAL COUNCIL MERGED CHURCH BODIES APPROVES PLAN OF BIRTH CONTROL

SEATTLE, July 3.—(P)—The newly organized general council of the Congregational and Christian churches was on record today as approving "voluntary parenthood" through birth control.

By a nearly unanimous vote, the convention yesterday endorsed findings of a seminar committee favoring birth control. The delegates expressed themselves in resolutions on several other present-day problems.

They included a stand in favor of recognition of Soviet Russia, taking after Colonel Raymond Robins, New York, made a plea which swung the delegates away from an attack on communism by Rev. J. Burford Parry, Wellesley, Mass.

Participation by the United States in the League of Nations and the world court was urged. The findings favoring birth control endorsed the stand taken by the federal council of churches committee.

Rumanian Flyer Falls 17,000 Feet Saved By Chute

BUCHAREST, Rumania, July 4.—(P)—Flying at Constanta today in an attempt to set a height record, a Rumanian sergeant lost consciousness at an altitude of 17,000 feet.

Aviator and plane dived toward the earth until at a height of 900 feet the sergeant recovered from his stupor, seized his parachute and jumped in the nick of time. He landed safely.

The machine crashed, burst into flames, and was destroyed.

School Trustees Meet at Fairfield For Conference

FAIRFIELD, July 4.—(Sp.)—Sixteen schools were represented here Wednesday by trustees to consider a plan for paying salary of the county health nurse out of provided the independent districts would do the same.

The common schools represented agreed to the plan on the basis of 25 cents for each scholar. So far Streetman is the only independent district to pass on the plan, and the trustees rejected it.

Claude Smith of Malakoff was in Corsicana Saturday.

W. L. Faulk was in Corsicana Friday from Malakoff.

Jim Cherry was in Corsicana Saturday from Malakoff.

SECRETARY HURLEY SCORES BREAKDOWN SELF-GOVERNMENT

NATIONAL GOVERNMENT IS FORCED TO INTERVENE IN PURELY LOCAL AFFAIRS

PHILADELPHIA, July 4.—(P)—From Independence hall, birthplace of the constitution and the declaration of independence, Secretary Hurley today deplored the "breakdown of local self-government" that has led to federal enforcement of police regulations. Condemning efforts toward extension of federal authority, he said:

"In some quarters so complete is the breakdown of local self-government that for years it has found no vulnerable spot in the armor of a super-bandit who threatens the lives and property of the citizens until finally the national government must strike him in his achilles heel of income tax evasion."

The secretary of war criticized those who "would condone the steady encroachment of bureaucracy" and characterized the unemployment dole as "the most unsound and renumbing soporific ever recommended as a palliative for an economic ill."

American achievements, he said, constitute a "record of the triumph of individual initiative and courage."

Hurley said the business depression, through which the country is now passing "does not repudiate our economic system" but "it has indicated to us the necessity of improving our economic system by providing for a greater and more equitable distribution of wealth and by stabilizing the basic economic forces of the nation."

Asserting that it has been difficult through the strains of war and the stress of rapid peace-time development to maintain a perfect balance between the states and national government, Hurley quoted Thomas Jefferson as calling for state enforcement of police powers.

"And yet today," he said, "we have many self-proclaimed heirs of Thomas Jefferson seizing upon the opportunity of difficult times to push their schemes or the further extension of the powers of the federal government."

"They view with complacency and indifference the spectacle of a sovereign state, a great municipality, relying upon federal agencies for the enforcement of local police regulations."

Dallas Girl Is Dead as Result Auto Accident

DENISON, July 4.—(P)—Miss Sybil Bullard, 20, of Dallas, was dead today and three other young women were suffering from injuries received when the car in which they were riding skidded and overturned last night on the Denison-Madill highway.

Those injured were the Misses Bettie Low Herndon, 18, bruised; and Ella Herndon, slightly injured, both of Dallas; and Gladys Combs, of Greenville, slightly injured.

The body of Miss Bullard was sent to Winifred, La., for burial today.

The girls were en route to Sulphur, Okla., to spend a holiday when the accident happened.

Coming Marriage Is Announced at Party

FAIRFIELD, July 4.—(Sp.)—Miss Mary Eubank entertained a group of friends at her home June 27, with two tables of bridge. The high scorers for the afternoon were Misses Lella Miles and Jackie Fyburn and their score was the same. They cut for the prize, Miss Miles receiving a linen handkerchief.

The color scheme was in green and yellow with tulleys of yellow bells. On the refreshment plate a roll of yellow paper, tied with a green ribbon, with a yellow ribbon attached. When this was unrolled the following inscription was read: Announcement. "Eubank Kitchen, July 15, 1931."

Refreshments consisted of chicken salad, cheese crackers, iced tea and pound cake.

Those enjoying the occasion were Mrs. J. E. Lott, Mrs. Eddie Grand, Misses Lois Pryor, Mary Grace Lott, Mary Edwards, Elizabeth Anderson, Lella Miles and Jackie Eubank of Teague.

NOTED SOPRANO DIES

NEW YORK, July 4.—(P)—Emma Cecelia Thursby, noted soprano of half a century ago, who gave concerts in many parts of the world but refused an operatic career because of religious scruples, died today. She was 74 years old.

SHREVEPORT CLUB IS CROWDING LEADER IN SECOND HALF PLACE

BUFFS NOSED OUT BUGS TO RETAIN LOOP LEAD SUNDAY

STEERS AND SPUDDERS SPLIT; BEAUMONT TRIM- MED SAN ANTONIO

BY BILL PARKER
(Associated Press Sports Writer.)

When you glance at the Texas league baseball calendar and see the Shreveport Sports in second place only four points away from a tie with Houston for first place, don't call for your glasses under the impression your eye sight has betrayed you. Really the Sports, long the door-mat of the Texas league, are up there doing things in the second half.

After opening the second half by taking four out of five from the Dallas Steers, the Sports returned to their own port Sunday and continued to give fans something to think about by taking the Fort Worth Panthers 6 to 5.

With the score tied at 5-all Sunday and running on second and third, Bill Terry, rookie Fort Worth pitcher, made a wild pitch that allowed Shreveport to down the Cats. It was a see-saw ball game that saw the Sports overcome a three run lead by stalling a five run stampede in the sixth. It was Fort Worth's fifth loss in six games and left the Cats in seventh position—a far cry from their third place in the first half.

BUGS RETAIN LEAD.

The Galveston Buccaneers, who have lost six straight games in the second half, almost won from Houston Sunday. The Buccaneers had the game sailed away 6 to 2 until the first of the ninth when Houston overcame six runs across to not only shove Galveston's lead but to win the game 8 to 6. Medwick hit a home run during the wild six-run rally which allowed the Buffaloes to retain their first place position.

The Beaumont Exporters proved they still have a pennant barage when they spotted the San Antonio Indians five runs and then beat the Redskins, 6 to 5. John Wyatt, recent Detroit Tiger, started his initial game for the Exporters but was shelved from the mound in the second when a flock of San Antonio hits put five runs across. Hamilton featured the five run rally by clouting a home run. Green succeeded Wyatt and pitched excellent baseball before going out for a pinch hitter in the sixth. Buck Marrow finished for Beaumont and got credit for the victory.

Steers-Spuders Split. In the only doubleheader, Dallas and Wichita Falls split even. The Steers, with Lefty Minogue turning in his ninth win of the season, won the first game 5 to 1. Bob Cooney started for the Spudgers and pitched commendable baseball until the seventh when the Steers managed to get across four runs to break a 1 to 1 deadlock. It made Cooney's fourth defeat this season against his eleven wins. Grady Adkins and Howard Taylor tied up in another mound duel in the second game which Taylor won 2 to 0. The Spudgers got a pair of runs in the second while Taylor was enough for Taylor dropped the Steers with three hits.

Fielding Sags As Batting Comes Up

By the Associated Press

The law of compensation works in the field of sport the same as anywhere else. The better the player, the more he is paid. Until this year Oscar Melillo (Spinach) Melillo, the Brown's second baseman, was known for his brilliant defensive play. In fact he once held the league record for chances handled during a season. But he was weak at the plate.

This year a sudden new ability with the bat has put him up among the league leaders—and his fielding has fallen into a miserable slump. Oscar committed no less than 17 blunders in the first eleven games of the season, as against only 21 in all 148 games last year. On the same day that his batting mark touched .352 his fielding average read .885.

Americans Captured Three British Net Titles Recent Meet

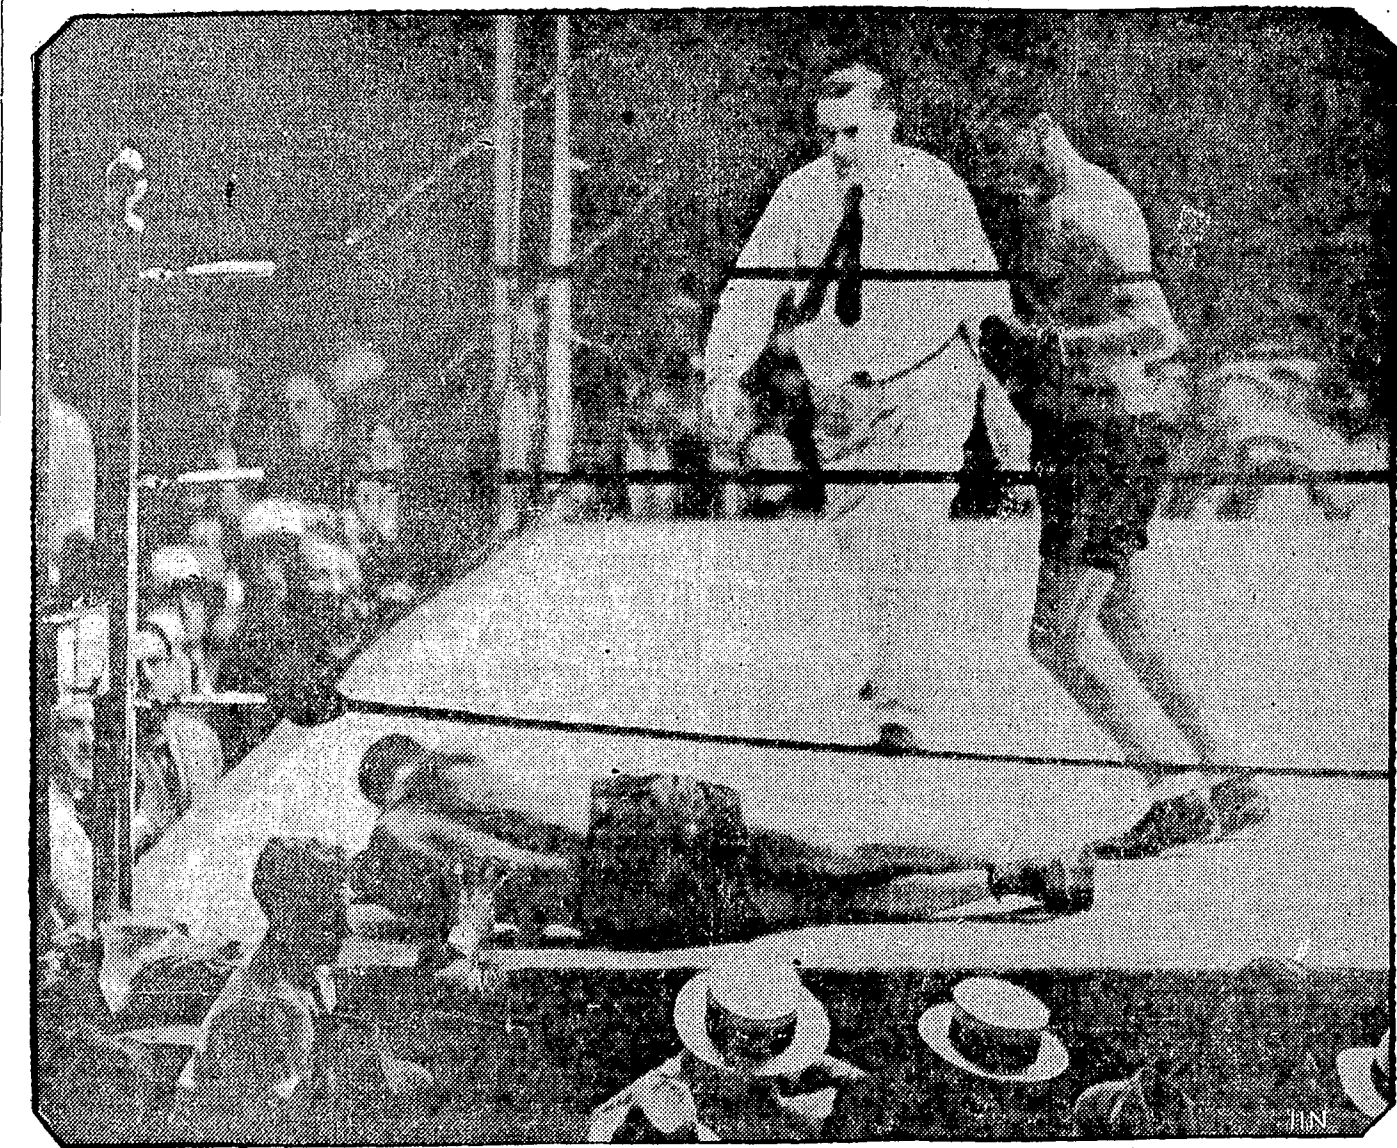

WIMBLEDON, Eng., July 8.—(AP)—The British tennis champions are over for another year and once more patient Britons have been forced to stand by while most of the titles went to other lands.

Of the five titles decided, three went to the United States, one to Germany and one to Great Britain. Sidney B. Wood, Jr., won the men's singles crown. Clarence Lott and John Van Ryn the men's doubles, and Lott and Mrs. Lawrence A. Harper of Oakland, Cal., the mixed doubles. The women's singles went to Cilli Ausen of Germany, and the women's doubles to Mrs. Dorothy Shepherd-Barton and Phyllis Mudford of England.

The American Davis Cup team of Shields, Wood, Lott and Van Ryn left for Paris yesterday intending to rest a few days before beginning practice for the interzone final against either Great Britain or Czechoslovakia, July 17, 18 and 19.

Great Britain and Czechoslovakia will stake their European zone final round battle at Prague this week-end with the winner meeting the United States in Paris. The survivor of this latter contest gains the right to meet France in the challenge round at Paris July 24, 25 and 26.

Stribling Hits Floor in Fifteenth Round at Cleveland

It's curtains for Willie Stribling and his heavyweight champion in hopes as Strib hits the canvas in the 15th round of his title fight with Champion Max Schmeling in Cleveland. A few seconds later the bout was stopped to save Strib from further punishment and Max retained his title on a technical knockout. It was first time Strib had ever been stopped.

SPORT NOTES

By PAUL MOORE Sports Editor

Corsicana trounced Hillsboro golfers here Sunday afternoon, 21-0, and remained in the running for the Central Texas Golf league title. Only two more matches remain on the schedule for the local club, an invasion of Cleburne, July 19, and a match with Ennis in Corsicana, August 2, when the season closes.

Corsicana did not lose a match Sunday although Charley Holloway and Clyde Stroud, Jr., were able to barely eke out a win.

Home run hitters Sunday included Worthington, Boston Braves; Ott, New York Giants; Eickering, Boston Red Sox; Cochran, Philadelphia Athletics; Chapman, New York Yankees; Kress, St. Louis Browns; Fothergill, Chicago White Sox; Morgan, Cleveland; Kinsey, St. Louis Browns; Krauss, Fort Worth; Medwick, Houston.

The New York Giants are having plenty of trouble lately and while the St. Louis Cardinals have been losing frequently, and are now being threatened by the Eickering and Chicago clubs. The Giants lost three games to Brooklyn during the week-end while St. Louis was losing two out of three games, and now Brooklyn is only one and one-half games behind the Giants with Chicago only a half game behind Brooklyn.

Fred Marberry, who winters in Corsicana, captured the hits of the Philadelphia Athletics Sunday and the Washington Senators won 4 double-headers in the Texas league.

Attendance figures for the July 4 double-headers in the Texas league were disappointing Saturday, and only about half as many customers were on hand as were expected. The day games do not draw as the nocturnal affairs.

Spalding Tennis Balls, 85c each, 3 for \$1.00. New shipment racquets \$1.35 up.—City Book Store.

Home run hitters Saturday included Solters, Shreveport; Jones, Dallas; Winegarner, Shreveport; Fuss, Wichita Falls; Hungling, Wichita Falls; Iwars, San Antonio; Arlett, Philadelphia Phillies; Cullop, Cincinnati; Blissonette, Brooklyn; Herman, Brooklyn; Lombardi, Brooklyn; Grantham, Pittsburgh; Suhr, Pittsburgh; Gehring, Detroit; Williams, Philadelphia Athletics; Chapman, New York Yankees; Harris, Washington Gehrig, New York Yankees; Ruth, New York Yankees; Oung, St. Louis Browns; Reynolds, Chicago White Sox.

Philadelphia won a twin-bill Saturday over Boston while the New York Yankees were drubbing the Washington Senators twice, and the Athletics gained a pair of games. Brooklyn shutout the New York Giants in the National league twice Saturday afternoon while St. Louis was splitting a couple of meales with the Pittsburgh Pirates, and the Cardinals increased their margin a half game over the Giants.

Houston kicked Beaumont 1-0 Saturday while Shreveport, Wichita Falls and San Antonio won double headers over Dallas, Fort Worth and Chicago respectively, sending Wichita Falls, Shreveport and Houston ahead of Beaumont in the new half standing.

MAX SCHMELING TO SAIL FOR GERMANY ON SHORT VACATION

YOUNG STRIBLING RECUPER- ATING NEAR CLEVELAND FROM BEATING

By EDWARD J. NEIL

NEW YORK, July 6.—(AP)—Max Schmeling, the heavyweight champion, is leaving us for a couple of months but he will be back in August to defend his title again against the best man the division can offer.

The Teuton youngster who fayed Bill Stribling in Cleveland the night before the Fourth, will sail at midnight on the Bremen to visit his mother in Berlin and return here in time to fight Primo Carnera, Jack Sharkey or Mickey Walker somewhere in September.

Schmeling returned to New York from Cleveland with only a bruised left eye to show for the night of battle with Stribling, a night that may mark the turning point in the heavyweight depression that set in with the downfall of Jack Dempsey and the abdication of Gene Tunney a couple of years ago.

The pleasant young German did more than just conquer a challenger for his throne when he carefully and mercilessly cut Stribling down through the final ten rounds of the 15-round duel, finally forcing Referee George Blake to halt the contest with only 14 seconds remaining in the final round.

On the basis of his conquest of Stribling, ranked with Sharkey, the best of the American heavyweights, it seems that Schmeling is due to reign in his kingdom for years to come.

Riding in on the train from Cleveland, the Teuton had placed almost all thought of the Stribling victory behind him and was looking only to the future.

"I will fight often now," he said. "It doesn't matter who comes next. I will meet all of them. I have proved now that I am a champion. I will fight all my challengers and I think I will beat them. Stribling was very strong, a good fighter. No one, I think, will be better than he was."

Still Under Contract. Schmeling is under contract to Madison Square Garden for a September match with Carnera, and the articles of agreement call for the match to be staged in Cleveland. It seemed likely today, however, that the match would be staged either in New Jersey or Chicago.

The experts are sure that another match in Cleveland will draw no more than the Schmeling-Stribling bout—that grossed only \$349,415 and cost the promoters a loss of about \$75,000. There also was the possibility that Schmeling might face the winner of the Jack Sharkey-Mickey Walker battle in New York if the champion can make his peace with the New York State Athletic Commission.

Stribling, resting near Cleveland.

Malakoff Crops in Need Rain Badly

MALAKOFF, July 6.—(Spl.)—A light shower fell in Malakoff and area south of here about the middle of the week, but corn, sweet potatoes, maize and other crops are suffering from the hot weather of the past few days. Peaches are also in danger if the heat continues.

Abbe Jackson, aged negro collapsed at his home Friday as a result of the heat. He was the first casualty in many years from the heat.

GOLF AS CHAMPIONS PLAY IT

UNDER ORDINARY CIRCUMSTANCES
USE THE IRON FROM THE TRAP...

Is it ever correct to use a wood trap in a sand trap? Why or why not?

Answered By
CYRIL WALKER

It depends on the nature of the trap. If it's a shallow trap, the ball is laying well, and distance is necessary, use a spoon, provided the ball lies far enough from the bank to allow it to rise. This shot can be played very successfully by standing a little further back of the ball, and playing it from a point about opposite the left instep. But a shot of this nature requires rather expert treatment and is risky business for the average player. The average golfer is courting trouble when he attempts a sand shot with the wood. Under ordinary circumstances he would do better to use an iron.

Free pamphlet by Johnny Farrell, Tips to Golfers, will be sent you for self-addressed envelope. Address Golf Bureau, care of this newspaper.

(Copyright 1931 by Associated Editors, Inc.)

until his battered face heals a bit before going home to Macon, Ga., has no idea of quitting the ring. Young in years but old in ring battle, Stribling appeared to have been overtrained for the biggest opportunity of a career that has taken in 286 matches. He lacked the stamina to meet the pace of the plunging champion and his punches did not carry power enough to keep Schmeling at bay.

The technical knockout awarded Schmeling in the 15th round was the first the Southerner ever had suffered.

Rest of Country To Battle Coast In 12 Grid Games

SAN FRANCISCO, July 6.—(AP)—Members of the Pacific Coast conference have scheduled 12 intersectional football battles with the east, south and midwest for next fall.

Several non-conference eleven also have made arrangements for intersectional tilts.

Stanford, California at Los Angeles, Southern California and Oregon will take on a pair of contests while California, Washington State, Oregon State and Washington each has one game lined up.

The games hooked are: Stanford—Minnesota and Dartmouth. Southern California—Notre Dame and Georgia.

U. C. L. A.—Northwestern and Florida. Oregon—North Dakota and New York U. California—Georgia Tech. Washington—Utah. Before Washington State-Tulane. Oregon State—Colorado.

Some unnamed coast team will meet an outstanding representative from some other section of the country in Pasadena January 1, making 13 games.

Corsicana Doctor To New York For Post-Graduate Work

Dr. R. C. Curtis, well known Corsicana physician and president-elect of the Texas Radiological Society, left Saturday afternoon for New York to spend several weeks in post graduate work in diagnosis and treatment of skin diseases. The trip north was made by Houston and New Orleans, and then by boat to New York. Before returning he will visit his old home in Atlanta and other points.

He will enroll in the dermatological section of the New York Post-Graduate Medical School and Hospital, and will also work and study in the dermatological departments of a number of hospitals before returning home about Sept. 1. He plans to visit an old army friend who is director of Montefiore Hospital for Chronic Diseases.

JOLIET PRISONER MAKES USE DIET TO GAIN FREEDOM

TAKES WARDEN'S SON'S CLOTHES AND WALKS OUT OF PRISON EASILY

JOLIET, Ill., July 6.—(P)—Arthur J. Miller was one up today on Warden Henry C. Hill of the Illinois state penitentiary.

And now the warden thinks he knows what it was that Miller has done in lately for getting out.

Up until Saturday Miller who was committed to prison for murder from Rock Island, was a trusty who acted as the warden's personal barber. Saturday, however, he decided to celebrate the fourth of July by leaving.

Attired in a silk golf hat, a gray linen suit, a blue shirt, a sport belt, black socks and sport shoes, Miller walked into the prison yard. In his hands was a golf club. Every now and then he paused to clip a dandelion head, which he did expertly. The guards thinking he was a visitor with a penchant for golf, let him walk to freedom.

The clothes Miller wore belonged to the warden's son, Philip.

"Miller used to weigh about 160 pounds, but he had been dieting for about two months. I know why he did that. He had to get his weight down so that Philip's clothes would fit him."

The warden is downing his best to put Miller on down again.

FUNERAL SERVICES FOR MRS. GROSSMAN HELD HERE SUNDAY

Funeral services for Mrs. M. Grossman, aged 78 years, who died at the home of her daughter, Mrs. J. N. Stier, in Dallas Friday night, were held from the home of another daughter, Mrs. Sam D. Brooks, here Sunday at noon with interment in the Hebrew cemetery.

Mrs. Grossman had resided with her daughter, Mrs. Brooks, here for a number of years, and was well-known here. She had been ill only a few hours.

Mrs. Grossman was a native of Austria-Hungary but had been in America for the past fifty-five years.

The funeral services were conducted by Rabbi Wolfe Macht of Waco.

Surviving are three daughters: Mrs. Stier, Dallas; Mrs. Brooks, Corsicana; and Mrs. J. Silverberg, Dallas; one son, Abe Grossman, San Francisco, Calif.; six grandchildren and one great-grandchild.

Funeralbearers were: Sydney Marks, Gabe Goldberg, H. Rothkopf, L. H. Golden, I. Jaffe, A. S. Gencovec, Dr. H. T. Ettlinger, Austin and Max Cholliner, Palestine.

Sutherland Funeral home had charge of the funeral.

NEW GRAND JURY IS EMPANELLED BY JUDGE SCARBOROUGH

(Continued From Page 1.)

ignators of talking to outsiders relative to what is transpiring in the grand jury room, and the efforts at times by people wanting to talk to grand jurors on the streets instead of testifying in the grand jury room, which he termed improper.

The judge pointed out to the grand jurors that anyone had a right to appear before them, have an attorney and also have witnesses summoned.

H. H. Hanks, Powell banker, was appointed foreman of the jury.

The following constitute the jury:

H. H. Hanks, Powell, foreman; I. H. Jordan, Dawson; M. H. DeWitt, Corsicana; B. A. Todd, Richland; J. L. Bell, Dawson; L. R. Nolen, Zion; J. E. Smith, Brown; Richard L. W. R. Smith, Rice; J. F. Slater, Frost; S. A. Renfro, Dawson; W. E. Woodall, Purdon; and C. D. Owen, Emhouse.

W. R. Smith of Rice was elected secretary and L. R. Nolen of Zion's Rest was named assistant secretary. M. D. L. Bunch, Corsicana, was appointed door baliff and R. A. Edens, Rice, Billie Lawrence, Dawson, W. T. McFadden and J. M. Carr, both of Corsicana, were named riding baliffs, according to information received at the county attorney's office Monday afternoon.

Man is Freed of Theft Charge At Cleveland Sunday

CLEVELAND, July 6.—(P)—Somewhere on the road, hiding back today from Cleveland to his home town of Douthan, Alabama, was a man freed from a heavy burden.

The man, Herbert C. Belcher, well known by many days of scorching sun, called at police headquarters, and told Lieut. James Peck he had hiked all the way from Douthan to give himself up.

"A missionary came to my home town a while back and induced me to give up my evil life, so I am here to clear my conscience," Belcher said.

"Twelve years ago in Cleveland I stole a bicycle."

Lieut. Peck improvised a court and heard Belcher's story. "You are forgiven—case dismissed," the officer said when the story was ended.

With a sigh, the man started back for home.

CHANGE OF VENUE GRANTED BY JUDGE IN MURDER CASE

JOHN ALSUP CHARGED KILLING TWO NEGROES IN ATTEMPTED ROBBERY

FORT WORTH, July 6.—(P)—The John Alsup murder case, growing out of the killings of two negroes in the attempted robbery of the First State Bank of Polytchnic here on April 18, 1930, was transferred on change of venue to Wichita Falls as soon as the transcript was received there. This will be to obtain Alsup's release on bond. He has been in jail since shortly after the killings.

Alsup, a former policeman, was given a 20-year sentence for the killing of Isaac (Will) Tate, but this was reversed and remanded by the court of criminal appeals. A hung jury previously resulted.

Alsup was acquitted in Dallas when the other murder case was transferred. It was based on the killing of George Terrell, the other negro killed after he and Tate attempted to rob the bank. Alsup was on guard at the bank and killed the negroes as they fled.

U. S. Expatriate Is Facing Deportation From France Again

PARIS, July 6.—(P)—Alexander Berkman, deported from the United States with Emma Goldman in 1919 for radical activities, faces expulsion from France after three months.

The government has issued an order for his deportation but has granted him a suspension in order to investigate his conduct more thoroughly. He has been living in Montparnasse for some time while his former associate has been staying on the French Riviera.

He denied he had been dabbling in political affairs and insisted France had no reason to order from the country.

"When any French government feels it is about to fail," he said, "they renew my order of suspension. Now that Pierre Laval's cabinet seems destined to stay, I am likely to stay, too. Why should France be afraid of an international literary ghost?"

Berkman has been ordered deported from France three times. He was sent to Belgium in 1930 but was allowed to return on the strength of friends' intervention and took up the translation and revision of manuscripts.

NO CHANGES BY FARM BOARD IN ITS SALE POLICY

SALE OF WHEAT BE CONDUCTED SUCH WAY NOT DEPRESS PRICES

WASHINGTON, July 6.—(P)—Chairman Stone of the farm board today informed Vice-President Curtis and Senator Capper, republican, Kansas, that the board would not make any further changes in its sales policy for stabilization wheat.

After conferring with Stone for nearly two hours, Curtis said that Stone had made it clear that the sale of wheat would be conducted in such a way as not to depress prices.

Curtis said the board evidently did not propose to unload any of the more than 200,000,000 bushels of wheat on the market at the present range of prices.

He added he would have preferred a definite pledge to hold the wheat until the price had reached 85 cents or \$1 but that the July 1, announcement made by the board was the best that could be obtained at present.

No plans have been made by Curtis and Capper to see President Hoover today, but Senator Capper indicated they might confer with him later on.

Curtis said it was the unanimous sentiment of Kansas wheat farmers that sales be withheld until an 85 cent price had been reached.

Chairman Stone last week charged that the grain trade was responsible for the widespread demand which was brought to bear on the President and the board for a definite statement of policy.

He said the grain traders did not inspire their demands through himself and Senator Capper but that they were speaking solely in behalf of wheat farmers.

Curtis said the farmers were receiving from 35 to 35 cents a bushel for their wheat on the farms, a price far below cost of production.

The board, at the request of President Hoover, announced that it would sell a cumulative total of 5,000,000 bushels monthly, exclusive of sales to foreign governments now under consideration. It added it did not intend to authorize sales at the present range of prices or in such a way as to depress them.

FORMER BELLHOP BEAUMONT HOTEL CHARGED MURDER

HOUSTON, July 6.—(P)—A jury to try Donald E. Covin, 25, former bellhop in a Beaumont hotel, on a murder charge, was being selected here today. Five jurors had been chosen up to noon.

Covin was indicted in connection with the death of Mrs. Marie Hart, 29 years old former switchboard operator in a hotel where Covin was employed, Mrs. Hart was fatally shot June 1 as she talked to Covin on the mezzanine floor of the Rice Hotel here.

The defendant's mother, Mrs. Laura Gidry and other relatives were in the courtroom.

Two Special Venire Lists To Be Ordered

HENDERSON COUNTY MURDER TRIAL SCHEDULED HERE NEXT WEEK

Two special venire lists of sixty prospective jurors each will be ordered summoned for next Monday by Hawkins Scarborough, judge of the thirteenth judicial district court, in the two murder indictments against Charlie Douglas, Henderson county, which are scheduled to go on trial here next Monday, July 13.

These cases were transferred to Navarro county a few weeks ago from the district court of Henderson county at Athens on a change of venue when they were called for trial. Douglas was indicted in connection with the fatal shooting of David January son-in-law, and Miss Texana Hall, sister-in-law, of the defendant, April 12.

Douglas is now in the Navarro county jail.

Doyle Evehouse, deputy district clerk, stated Monday that the state had made application for the summoning of thirty-nine state witnesses but that the defense had not made application for witnesses.

Stampa Quartet Be Heard Odd Fellows Home Friday Night

The Stampa Quartet of Dallas, will be heard at the I. O. O. F. Home Friday night, July 10, it has been announced. Virgil O. Stampa, assisted by Martin, Dooley and Kirby will be presented in the special numbers including sacred songs, popular songs and negro spirituals.

Freddie Martin, the 14-year-old music marvel, will also be heard. No admission will be charged but a free will offering will be taken, it has been announced.

Governor Sterling Issued 11 Paroles

AUSTIN, July 6.—(P)—Gov. Ross S. Sterling today announced the issuance of 11 general paroles, including one to Willie Eans, negro, who was rewarded for having aided penitentiary officials in subduing a mutiny last December. Eans was sentenced to life imprisonment for murder in Galveston county. He was convicted early in 1922.

Other paroles included: Mozelle Pier, Collin, two years, selling liquor; Clyde Stratton, Willbarger, 15 years, burglary, automobile theft and robbery with firearms; F. W. Bentley, Wichita four years, check theft; Dunk Rutherford, Panola, one year, liquor; Susie Allen, Limestone, two years, burglary; Raymond McCure, Ochiltree, two years, passing a forged instrument; Charlie Elliott, Crosby, two years, liquor.

THIRD MEMBER OF TEAGUE LAW FIRM ON JUDGE'S BENCH

TEAGUE, July 6.—(Spl.)—Lex Smith, well known Freestone county attorney, has been appointed by Governor Sterling to fill the unexpired term of Judge W. R. Boyd whose resignation became effective July 1.

Lex Smith is a native of Freestone county, being born at Dew. He was educated in Baylor University, and for a number of years was a member of the law firm of Boyd, Bell (P) Smith at Teague. Judge Bell was appointed district judge when the 87th judicial district was created, leaving Judge Boyd and Mr. Smith as law partners. Following Judge Bell's death, Judge Boyd was appointed, later being elected. This left Mr. Smith alone in the practice of law, and now his appointment takes the last of the old law firm.

PIPELINE PROGRESSING

MALAKOFF, July 6.—(Spl.)—Work is progressing rapidly on the pipeline of the Magnolia Petroleum company between Corsicana and Kilgore. About ten cars of pipe are being distributed from Malakoff daily and a similar amount from Trinidad.

Sun want ads bring results.

TWO DEEP TESTS HOLDING INTEREST OIL FRATERNITY

WELLS BEING DRILLED ON BORDER WICHITA AND ARCHER COUNTIES

WICHITA FALLS, July 6.—(P)—Oil men here today were watching the outcome of two deep tests being drilled on the border line of Wichita and Archer counties, with the exception of which activities in the Wichita Falls district last week were limited to the drilling of several wells in shallow sands in Cooke, Young and Wichita counties.

The Sharpell Oil company's No. 1 W. P. Ferguson in Archer county was being drilled two miles southeast of Kemp City. A week ago it picked up saturated sand at 3,815 feet and set casing preparatory to bailing and further coring. Water intrusion

CORSICANA, TEX., JULY 7, 1931

WHAT'S WRONG WITH POLITICS.

American politics has

grown steadily more

strident and clamorous and, in

the opinion of the average

man, steadily more futile,

within recent years. Hardly

any department of life is

proof against useless bick-

ering and unlovely intrigues

of political leaders between

whom there is, after all,

hardly more difference than

between the various peas

out of the same pod.

The clamor has been car-

ried within the walls of the

sanctuary itself. Those who

labor and who are heavy

laden are assailed, even as

they kneel at the altar, by

the loud claims of cam-

paigners seeking votes.

Bishops abandon their pas-

toral offices to preach poli-

tics, and the Temple that

was called the House of

Prayer is being converted

into a sort of campaign

headquarters.

If the aim of political par-

sons is to see that their sect

dominate the world tempo-

rally, perhaps their tactics

are correct; but they are

not correct if their aim is

to offer weary men the con-

solation that "triumph could

not yield them and that de-

feat could never take

away."

Some officers of the

church seem far more con-

cerned with the defeat of

certain politicians than they

dislike than the advancing

Kingdom of God. Religion

has nothing to offer more

desirable than inner peace,

but some modern religious

leaders seem little inclined

to offer their followers that

peace of mind.

TRAINED POSTMASTERS

The postmastership of

Staten Island, New York,

pays \$4,200 a year. A snap

for a politician having an

other business and wanting

\$4,200 a year on the side?

Or a job for a civil service

man qualified by years of

work in postoffices?

In a new appointment

made there the other day,

business and civil service

principles again were flout-

ed. Four years ago Wil-

liam A. Eagleson, then in

the postal service 32 years,

was named. Different this

year. Under the present

system professing to extend

civil service to the higher

grade postmasters, Egle-

son need not have been re-

examined to be reappointed.

But the politicians were ac-

tive and a new examination

was advertised.

Eagleson competed and

was ranked first by a good

margin. Arthur L. Wilshaw

for 15 years active in New

York Republican politics,

came third. The politicians

insisted on Wilshaw and, as

any candidate ranked by

the federal civil service com-

mission among the first

three could be named, was

appointed. All that remains

for Eagleson after his 36

years' work for Uncle Sam

is the offer of a clerkship at

about \$200 a month, until,

a few years hence, he can

retire on a pension.

It repeats the old, old

story—damnable, tragic for

individuals and a mockery

of the public demand for

economical and efficient

things continue the favorit-

isms, wastes and, at times,

corruptions, at bottom re-

sponsible for the huge an-

And down the distant ages brave

men have died for you

For brotherhood and freedom, and

still there's work to do.

th raun aroradorun

The dreams of men have followed

thy banner down the years

With every generation the need

for faith appears.

As higher rise thy children the

wider grows the view;

The more we gain in vision, the

more we find to do.

God grant us strength and cour-

age to build the better way

To see the new tomorrow beyond

the present day

To sacrifice the pleasures our lit-

tle moment brings

That those who follow after may

know the larger things.

My country, O my country, for us

have brave men died.

That we might live in freedom

they put their joys aside,

And may our generation as true

and stalwart be

In building for tomorrow we can-

not live to see.

(Copyright, 1931, Edgar A. Guest)

THE BRAIN IS SUPREME.

Remember how on Fourth

of July night you used to

take a little fireworks stick

called a sparkler, and whirl

it about? You wove circles,

figure eights, all sorts of

fantastic patterns in the

air. And at that time you

didn't realize that the fig-

ures you were seeing didn't

exist at all. It was your

eyes that were deceiving

you.

Try the same experiment

any time with a match or a

glowing cigar. You can't

trust your eyes. That's why

so many of us need glasses.

You can't trust your nose,

either. The sweetish, al-

mond smell may come from

deadly cyanide of potas-

sium. Many of the poison

gases in the World war had

a not unpleasant smell—at

first.

Your ears are just as un-

reliable. Just try to whis-

tle a tune in someone's pre-

sence. Unless you are a phe-

nomenon, you'll whistle

mostly wrong notes, off

key. Your whistler's all

right. It's your ear that's

playing a trick on you.

Your taste, allied to

smell, is equally deceptive.

The sense of touch is prob-

ably the most reliable of all,

but it is a poor thing at best.

How would you like to sit

down blindfolded among

enemies, and agree to eat

whatever you might be per-

mitted to feel of?

Then, if the five senses

are such poor servants, how

is it we get along so well

with their aid? It is be-

cause the brain directing

them is more perfect than

any one sense. When the

eyes fail, the brain orders

the touch-sense and the

hearing sense to help out.

No life, no home, no busi-

ness, can be successfully

carried on without a central

mind more capable than

any of the subordinates.

Just as your sense, co-oper-

ating, achieve what no sin-

gle one could do, so in your

every activity you will find

most success if you, too,

learn to co-operate. Know

when to subordinate your-

self, and be not afraid

when it comes your time to

command.

SUMMER!

If one chooses to be pes-

simistic about seasons in

general and summer in par-

ticular all that is now de-

lightful and alluring in the

current season is overshadow-

ed by real and imagin-

ary discomforts and annoy-

ances. Although Schopen-

hauer has authoritatively

said that, "Thinking men

find nothing in life worth

the living," the majority of

human beings risk a per-

sonal application of the "di-

vine pessimist's" imputation

and thoroughly enjoy the

warm days and hot nights

of summer in spite of their

many disadvantages.

It is frequently complain-

ed by even the habitual op-

timist that there is always

something cropping up to

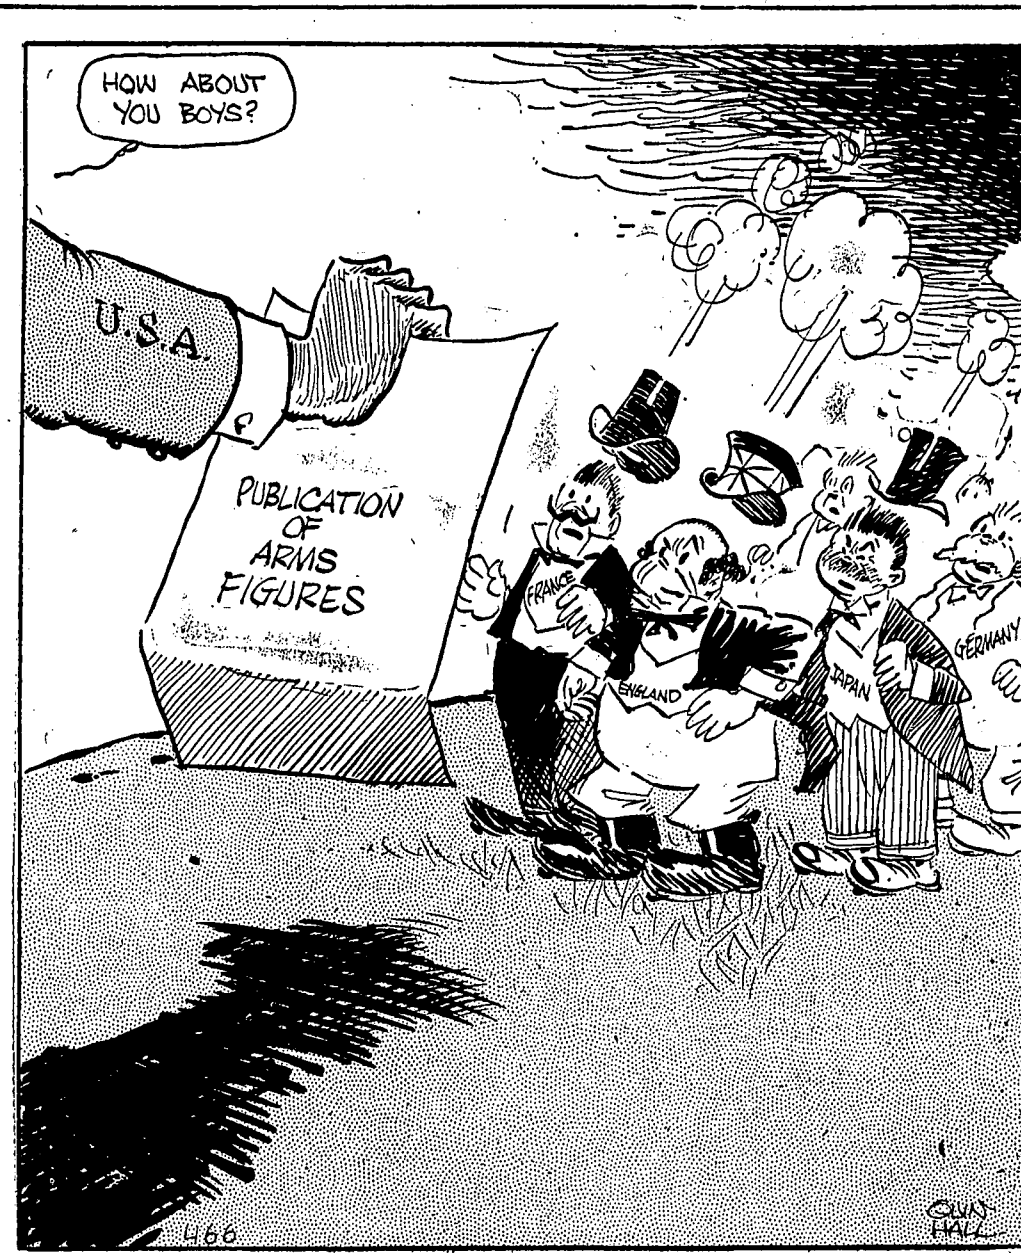

spoil man's pleasures. Some

of the common summer com-

plaints are terrifying elec-

tric storms, humid and sul-

An Alarming Precedent

THE PRESS GETS ITS MAN

Public prosecutors

throughout the country

are giving to the press the sole

credit for bringing the so-

called racketeer, Al Ca-

pone to justice. The Capone

incident clinches for the de-

fense the case of the un-

thinking critics against the

press for the manner in

which the latter has pub-

lished crime news.

Shortly after the so-call-

ed crime wave broke upon

the country as an after-

math of the war and a by-

product of the prosperity

era, some already forgotten

luncheon club speakers

more interested in saying

something different than in

saying something rational

and constructive, conceived

the notion that if the news-

papers would omit the crime

news there would be no

crime. With the dubious

logic of certain religious

sects, he argued that the

racketeers waxed rich and

powerful on front page pub-

licity.

Let the Capone case an-

swer for the defense. If

the newspapers had not

daily exposed the lawless-

ness, crimes and the men-

ace of the Chicago gang-

ster and his gunmen, if the

press had not shamed pub-

lic officials into ending his

career, would the federal

government have stepped in

to route these public ene-

mies? Didn't her disgrace

in the eyes of the nation, a

disgrace brought on by

newspaper stories of gang-

land, force Chicago to oust

the Thompson crowd, which

so long had protected the

racketeers?

Fair-minded prosecutors

admit that the press is the

greatest power for law en-

forcement and their strong-

est ally in every public

cause.

peculiar to itself, but per-

haps they exist only to

heighten by contrast the

many luxuries that are sum-

mer's gift to mankind. Man

must wrest everything from

nature, even his pleasures,

and invariably that which

is achieved through the great-

est effort affords the great-

est pleasure.

Good Roads—

Will Extend Corsicana's Trading Area Into New Fertile Fields That Are Looking Here as It's Trading Center

It's up to Corsicana to take advantage of its geographical location, being located in the center of a population area of over 425,000

Interesting Facts about Growth of Corsicana and Navarro County, Texas

According to Federal Census of 1930

That Corsicana and Navarro County have had an unusual permanent growth in population is best evidenced by the following Federal census figures. To impress upon those interested in the growth Corsicana has had, comparisons are made below with the other prosperous, growing cities in its class in Texas. There are fifteen of these good cities in Western, Northern, Eastern, Southern, and Central Texas, all of them dominating a wide trade territory—

Here Are the Facts and You Can't Get Around Them

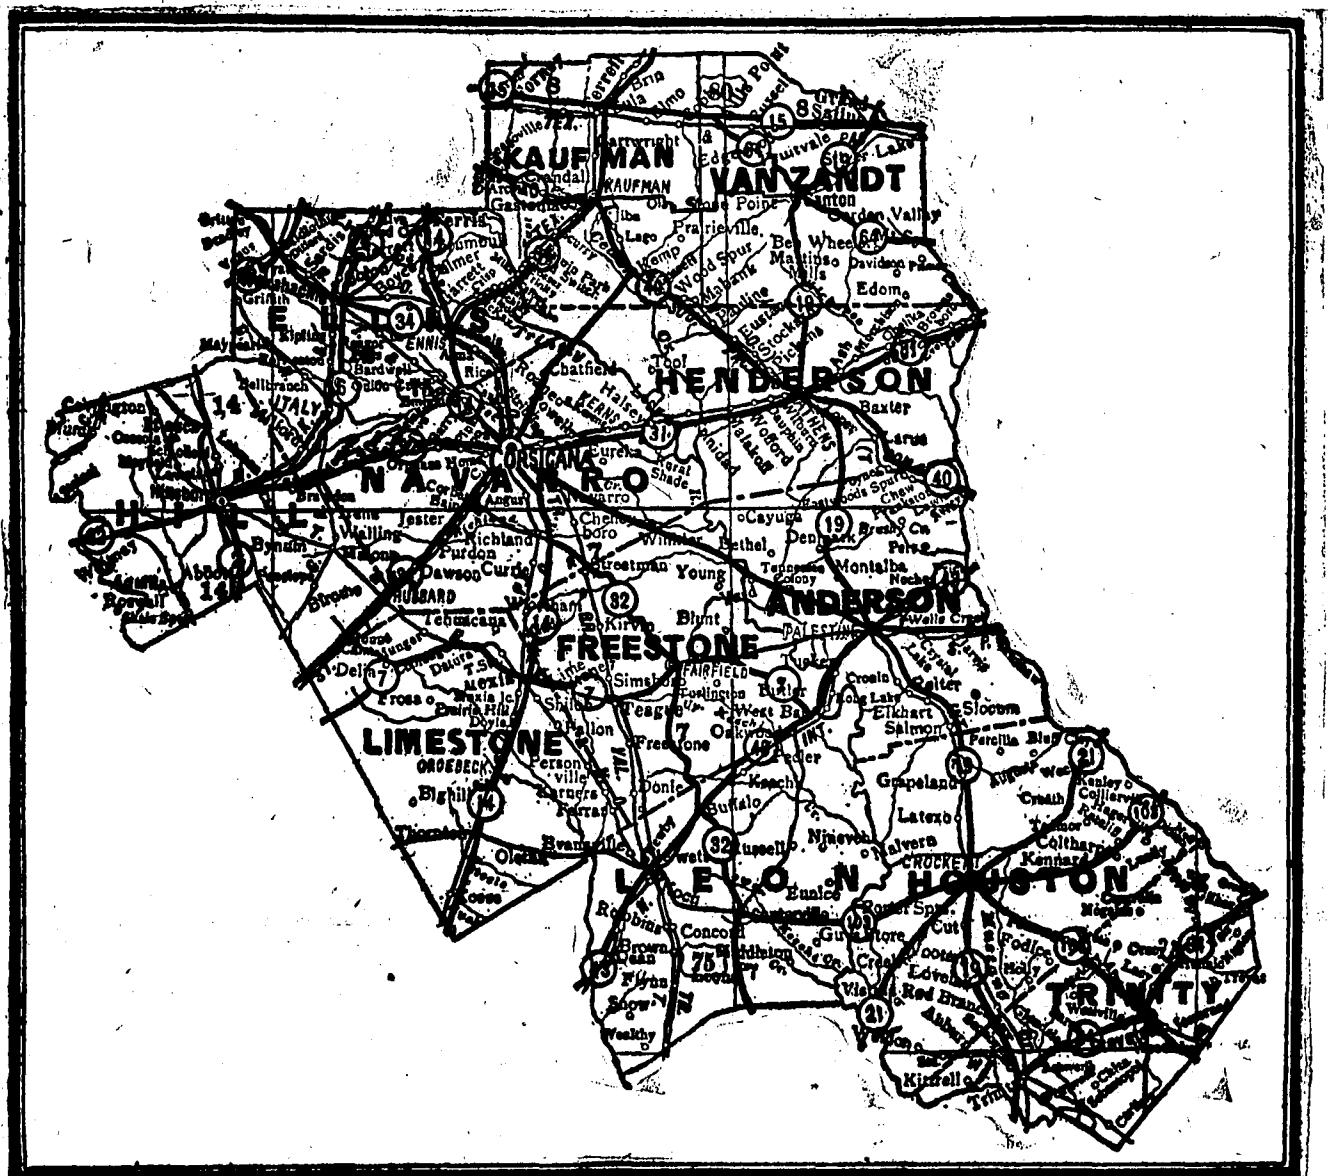

1930 Census	1920 Cen.	1910 Cen.	County Gain
Corsicana Precinct.....	26,598	20,484	County Gain..... 6,114
Tyler Precinct.....	20,781	15,328	County Gain..... 5,453
Greenville Precinct.....	19,618	14,998	County Loss..... 4,620
Sherman Precinct.....	18,173	14,165	County Loss..... 4,008
Denison Precinct.....	16,633	12,165	County Loss..... 4,468
Temple Precinct.....	22,100	16,412	County Gain..... 5,688
Palestine Precinct.....	15,215	10,378	County Gain..... 4,837
Texarkana Precinct.....	23,300	18,472	County Gain..... 4,828
Marshall Precinct.....	22,776	18,565	County Gain..... 4,211
Paris Precinct.....	21,425	16,749	County Loss..... 4,676
San Angelo Precinct.....	20,856	15,210	County Gain..... 5,646
Lubbock Precinct.....	23,878	18,091	County Gain..... 5,787
Ablene Precinct.....	28,848	24,081	County Gain..... 4,767
Corpus Christi Precinct.....	27,789	22,807	County Gain..... 4,982
Laredo Precinct.....	32,601	29,153	County Gain..... 3,448

Verify These Facts About Corsicana

Corsicana Precinct is the largest of these fifteen good cities with the exception of San Angelo, Abilene, Corpus Christi and Laredo, but the difference is more than made up in the populations of the counties of which these cities are county sites. Navarro County, of which Corsicana is county site, has 60,484, which is 24,465 more than Tom Green County, 36,019 more than Taylor County, 18,828 more than Webb County, 8,671 more than Nueces County.

The census also shows that the density of population within a radius of fifty miles of Corsicana is more than the same radius of any of these fifteen cities, and more thickly populated than any section in Texas with the exception of the larger cities, the population of the Corsicana trading area being over 425,000 people.

Corsicana is not located in any extreme section of Texas, for its geographical location makes it easily accessible from all directions, and dominates its own trade territory, being far enough away from the larger cities to where it will not be overshadowed by the broad claims of such cities. Corsicana's geographical location in the oil and black land belt of Central-East Texas, with railroads, interurbans, bus lines, making it easily accessible to all sections of the State, puts it in a very advantageous position.

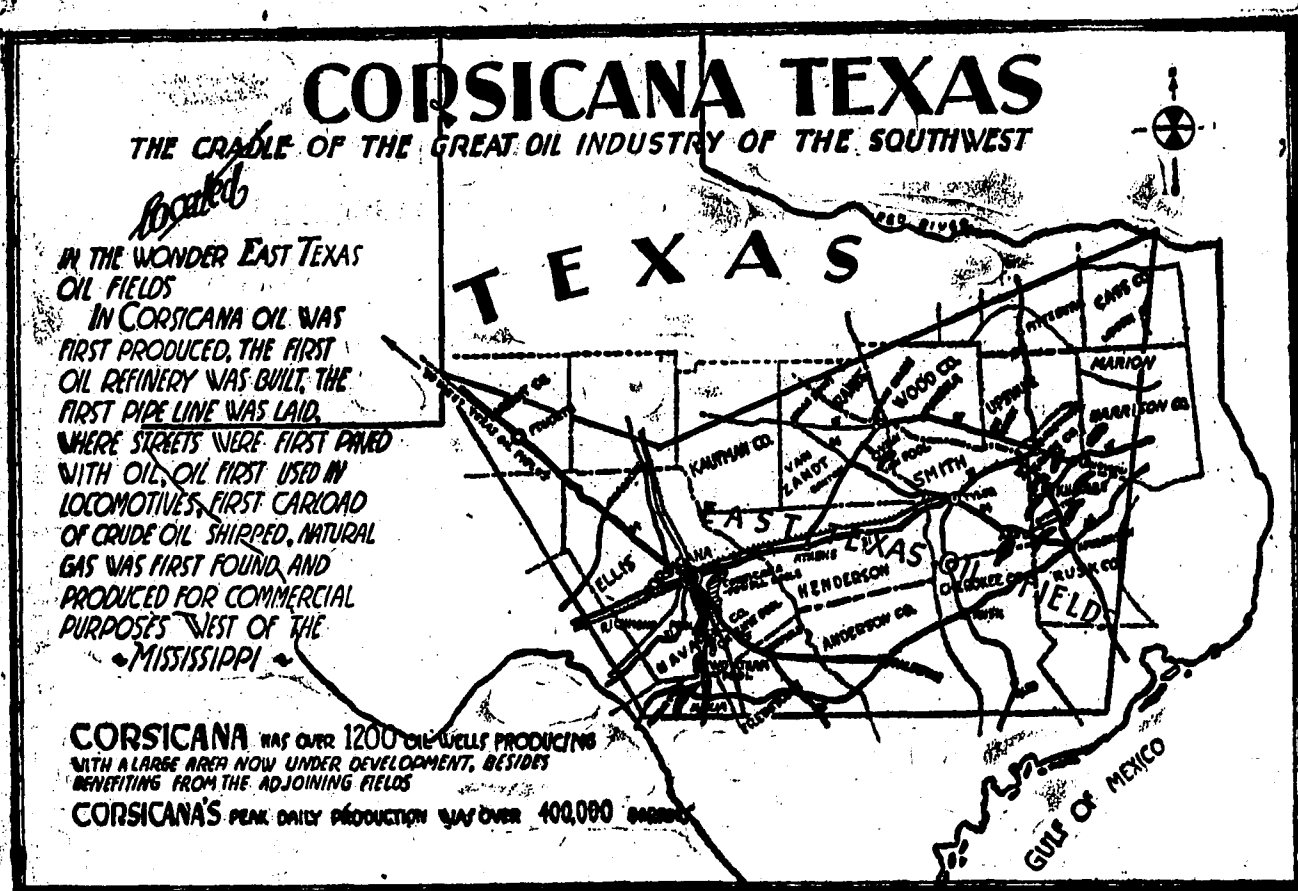

Complete the Good Road to Tyler and Tie Two Good Cities Together

By referring to the map on the left it will be found that Corsicana, the original Oil City West of the Mississippi, is very close to Tyler which is the gateway to the extended East Texas oil fields.

The bridges, drainage structures and dumps are already in for the new Highway 31 that will tie these two cities together, thereby making the new East Texas oil fields and the oil fields of the Corsicana area a "two in one oil field."

The New Highway Will Cut the Distance Between These Two Cities by Many Miles. By rushing the surfacing of this highway it will not be long before we will have an all-weather paving into the heart of the new field and Corsicana will benefit from this great oil find.

Many Corsicana people are helping develop this new field, and every effort should be exerted to have this paving completed before fall.

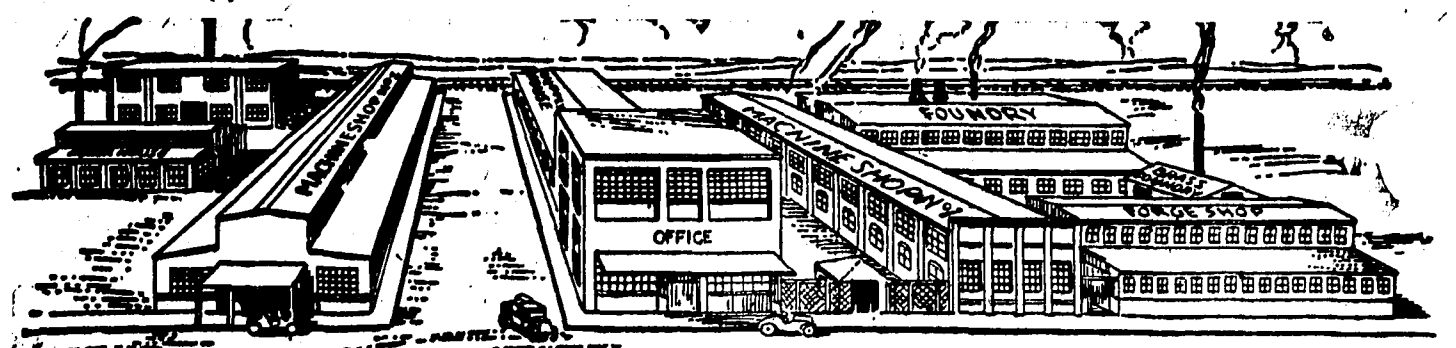

When and Wherever Oil is Mentioned in Texas

CORSICANA BECOMES PROMINENT IN THE CONVERSATION, for it was in Corsicana where all of this oil activity originated, and where there are now over a thousand wells producing oil.

Corsicana is now getting and will get much more benefit from the extended east Texas oil fields with more initiative on the part of our citizenship.

It's There for Us if We Will Just be Alert to Reach Out After It

Corsicana is a pioneer in the oil industry, and should continue to be an important oil center, and can be with the proper advances for a share of this big business. Let us all get behind the immediate completion of Highway 31 that will join Corsicana and Tyler together, which will benefit both of these good cities.

American Well & Prospecting Co. of Corsicana --- Largest Oil Well Supply Factory in the World. Where the first oil well rotary drilling rig originated and was patented. Now shipping large quantities of drilling material to the New East Texas Oil Fields.

Beauty Chats

By Edna Kent Forbes

All requests for beauty information desired by Edna Kent Forbes' column followers must be accompanied by a fully self-addressed, stamped envelope (s. a. s. e.) and two cents in stamps to cover cost of printing and handling.

For the illustrated pamphlet, "BEAUTY," ten cents in stamps with fully s. a. s. e. must be enclosed. Address Miss Forbes in care of this paper.

A PRETTY BACK.

Have you a pretty back? If you have not, it is a great pity, because the fashionable evening dresses are cut high in front, sometimes with a scarf that comes across the front of the shoulders, and almost invariably very low in the back. Besides, midsummer dresses are being almost backless, so the wearer can have the benefit of every bit of sun. If your back is ugly, it is probably because you are too fat or too thin, a condition which you can easily remedy by exercise and diet. If you suffer from some actual distortion of the bones, you can always go to osteopaths, chiropractors, or even people skilled in special massage and have your back cured and straightened.

Can You Wear Low-Cut Dresses?

particularly if the dress is white or a pastel color. Mazy M. F.—A simple wave set is made by dissolving a small piece of gum tragacanth in boiling water; when cooled it is too thick, add enough very warm water to bring it to the consistency of thin meringue. Flaxseed, dissolved, will do also as a wave set. It is just possible you may be able to train your hair so it will not fly about if you dampen it with water, and arrange the waves as they are done when the permanent wave was given, and tie a cap over the head until all the hair has dried in place. Very fine hair sometimes is very fluffy as they are done when the permanent wave was given, and tie a cap over the head until all the hair has dried in place. Very fine hair sometimes is very fluffy as they are done when the permanent wave was given, and tie a cap over the head until all the hair has dried in place.

Aside from various outdoor exercises like golf and tennis, which give you flat shoulders, and a good back, you should try the special exercise mentioned a short time ago. Stand with your back against the wall, your feet slightly apart and a couple of inches from the wall. Draw from the abdomen, raise the chest, and tip to straighten your backbone so that every part of it touches the wall. You won't be able to do it at first, but if you keep on practicing for several minutes every day you will be able to do so eventually. All stooping and bending exercises that take the stiffness from the spinal column are valuable. They should be practiced each day until the spine is flexible enough to accomplish this first exercise. Deep breathing suggested exercises must be taken, too, for this will draw the shoulder blades back into place and flatten them so they will not stick out. Exercise in remembering to stand erect, are the only ways I can think of to make the flat back. But I assure you they are quite enough if you practice them faithfully, a nicely formed, sunburned back is most becoming with a low-cut evening dress.

SENATOR BORAH SEES MANY SIGNS OF REVOLUTIONS

RESTORATION OF PURCHASING POWER OF SILVER IS ECONOMIC REMEDY

PARMA, Idaho, July 4.—(P)—On the day when America celebrates the anniversary of one of the major events in its own revolution, Senator William E. Borah issued a warning that the strange and anomic language of the world is being again heard about the world over a condition for which he believes there is at least a partial remedy.

The chairman of the senate committee on foreign affairs said his plan in an address for an audience composed mostly of lower Boise valley farmers at a celebration on the brink of the Snake river near where it separates Oregon and Idaho.

The remedy he put forward was the restoration of the purchasing power of silver, a movement, which he declared would enhance the purchasing power of the world, now crippled by international action in making gold the world's money medium.

"We celebrate this year under peculiar and extraordinary circumstances," he said. "We have had depression before but none so widespread, encompassing so many people or so extraordinary in its up and down and confusion of conditions. These extraordinary conditions which seem to hold us back from doing the things which ought to be done."

Two Nations Hold Gold. France and the United States now hold sixty-five per cent of the world's gold, he said, leaving the balance of the 1,600,000 people of the world with a scant supply of 20 cents per capita.

"It is any wonder that the purchasing power of the millions has dried up, petrified, gone dead?" he asked. "Is it any wonder that food and clothes pile up in the very sight of those who are hungry and verging on nakedness? Is it any wonder that farmers everywhere are losing their homes, and witnessing the scattering of their families?"

"Is it any wonder that you have heard every now and then the strange and unnatural language of revolution?"

A moratorium alone will not restore purchasing power to the world, he said. "It will only be fruitful in case we take advantage of that year to that which it is necessary to do in order to bring relief."

The gold in the United States is unwilling to come out of hiding, he said, for anything except national securities. Thus it is held in the hands of a very few while the great purchasing mass of the people both in this country and the world has lost as a purchasing medium a form of money which it has used for generations.

England led the way in debasing the price of silver by placing India on a gold basis, he said, and France followed.

Would it be unwise or unsound, he asked, for the leading nations to enter into an agreement to re-establish silver and to give it its rightful place?"

"It seems clear to me," continued Senator Borah, "that there is a way open for the government to have a debased silver and thereby distressed millions, to retrace their steps. The influence of the power of silver interests has been altogether too great in the affairs of government in recent years. They carry their progress too far. They inordinate greed has blinded them to the fact that there is a limit to their selfish brutal schemes."

He mentioned other factors in the depression but referred to silver as the one which could be corrected by governmental action.

"In the countries which have the power to restore silver," he warned, "there are some fifty million people in distress. If winter come before relief comes, it will test these governments as they have never been tested before."

MAGNOLIA OILERS DEFEATED RICHARDS TEAM HOLIDAY GAME

The Magnolia Oilers defeated the strong Richards Panthers in a holiday game by a score of 4 to 3. Wise, Magnolia's tosser, was never in any danger with the whole team hustling behind him. Smith for the Panthers gave up 15 hits but looked like a real pitcher at times. Inning Pitched: By Wise, 4; by the Oilers, 3. The Oilers hit the Walker brothers hit three for the Panthers. Magnolia will play a strong team from Fort Worth here next Sunday afternoon at Municipal Park.

Mrs. E. T. Pastler of Nichols, Fla. is in the P. & S. Hospital.

Edna DeLofess was in Corsicana Saturday from Malakoff.

T. H. Alexander Is Buried at Kerens

T. H. Alexander of Abilene, age 70, died at a Temple hospital Tuesday morning, June 30, after an illness of several weeks. Funeral service were held at Kerens Thursday morning at 11:30 o'clock.

Surviving his wife, two sons, T. C. Alexander of Corsicana, W. J. Alexander of San Antonio, three daughters, Mrs. Annie Baker of Sacramento, Cal., Mrs. R. D. Johnson of Dallas, Mrs. Ethel O'Daniel of Abilene; one brother, A. Alexander of Woody; four half brothers, W. J. Moody of Lolita, Texas, Ike, Lee and Bob Moody of Blooming Grove; 16 grand children, and one great-grandchild. Four sons and one daughter preceded him in death.

The service was conducted by Rev. W. T. Bratton of Kerens. Burial was in the P. & S. cemetery. Jack McGrath, W. M. Hamilton, W. D. Gillen and L. B. Rice, contributed.

Former Residents Corsicana Married

Miss Coty Reese, daughter of Mr. and Mrs. Ben Reese of Hillsboro, and Wesley E. Harper of Conover, Texas, son of Mrs. C. C. Yone, Teague, were married at the home of Mr. and Mrs. A. E. Foster, 741 West Park avenue, Sunday morning at 11 o'clock with the Rev. J. W. Bergin, pastor of the First Methodist church, performing the ceremony.

Mr. Harper formerly resided in Corsicana and was employed in position with the Texas Oil Company. The bride formerly resided in this community. Both are well known in Corsicana.

Mr. and Mrs. Harper left Corsicana Monday for Conover, where they will make their home.

MARRIED HERE SUNDAY

James L. Gaines and Annie Mae Wilbanks of Eureka were married Sunday afternoon at 2:20 at the home of J. L. Hines, minister of the Church of Christ, who performed the ceremony.

New Plymouth Car Model Exhibited

Jackson Bros. are exhibiting a new Plymouth automobile with mirror windows. Those outside cannot see into the car while the passengers have a clear view of the outside. The new Plymouth is now equipped with "floating" roof, free wheeling and other improvements and are now being exhibited by Dodge, DeSoto and Chrysler dealers.

IN LOVING MEMORY OF FRED JONES

In the early morning hour of June 21, 1931, death came to relieve this dear one of a long and severe physical suffering. But thanks be to the Lord for his grace given to him whereby he was reconciled at all times to his will and expressed himself to his many friends and loved ones as a man willing and ready to depart this life. May the Lord whom he trusted comfort the bereaved wife and family and may they be as faithful as he through all of his suffering and trial without a word of complaint.

Now, dear loved ones, let us not grieve after him for the Lord does best and we must submit to His will, for He doeth all things for the best. He will never be missed by his friends and, oh! how lonely is his home. He leaves a wife and four little children and other relatives and a host of friends; but weep not, loved ones, for he has gone to rest where there will never be more pain nor death for he was true to his Maker and now all we have got to do is watch and pray and to live so that we may meet him on high.

We have lost our darling husband. He has bid us all adieu; He has gone to live in heaven, And his form is lost to view.

'Tis hard to break the tender cord When love has bound the heart; 'Tis hard, so hard to speak the words— We must forever part.

Dearest loved one, we must lay thee In the peaceful grave's embrace, ut thy memory will be cherished 'Till we see thy heavenly face.

Dear kind hands we miss them so, All through the day wherever we go, All through the night how lonely Without those words that waked me out of my dreams.

I miss him all through the weary hours; I miss him as others do, Sunshine or flowers, day time or night time wherever I go, Oh, dear, sweet face, I miss it so.

A dear one from us has gone, Our home is not the same, Our hearts are burdened with grief today.

While silently we breathe his name, Dearest husband thou hast left us, And our loss we weepily feel; Ut it's God that L. left us, He can all our sorrows heal.

Yet again we have to meet thee When the day of life is dawning, When in heaven we will greet thee Where no farewell tears are shed.

When I looked at you in peaceful slumber, I bid you sorrow cease, When on your pale lips I saw A smile of perfect peace, For something seemed to tell me That safe across the tide Your soul had made its journey And won the port all right.

And while I sit and write this My heart is very sad, But to know you are with Jesus Makes me feel so glad.

Farewell, dear, but not forever, There will be a glorious dawn. We shall meet to part no never On the resurrection morn.

Though thy darling form lies sleeping In the cold and silent tomb, Thou shalt have a glorious waking— When the blessed Lord doth come, So weak not dear ones, for Fred For he has gone to rest— To sleep in peace with Jesus, And there forever blessed.

Written by ANNIE FRAZIER.

a few yards to 100 yards in width and continue to exert their "pull" for 30 feet to a quarter of a mile. The tides appear infrequently. The guards exploded a popular belief that the tides were the downward pull or suction. Strong rip tides, they said, carry a heavy amount of sand and are recognized by their dark color and usually by the absence of waves in them.

Six Killed in Crash California Airport

LUCERNE, Cal., July 6.—(P)—Six persons, three of them California golf stars, were killed here yesterday in the crash of an airplane.

Falling 1,000 feet, the plane bore its pilot and five passengers to death on a rugged hillside half a mile from the Lucerne landing field.

The dead: George Ritchie, former Northern California amateur golf champion; Jack Kerrigan, former golf professional at the Santa Del Mar country club near Los Angeles; and three other persons. The survivors were: Mrs. Ritchie, Mrs. Kerrigan, and a woman.

The crash occurred at the Lucerne airport, where the plane was taking off for a flight to San Francisco.

The plane was a biplane, and the crash occurred while it was in the air.

The cause of the crash is not yet known.

The bodies of the dead are being recovered by the local authorities.

The crash occurred at about 10:30 a.m.

The plane was owned by a local pilot.
